

NCWGB membership journey

NCWGB members are a diverse group of women of all ages with varied interests and concerns. We come together to make positive change for good. If you are passionate about creating a better future for all, become a member today and add your voice to our shared cause.

16 – 18 membership

Thanks to our growing network of schools and colleges, young women can make their voices heard through our National Council of Young Women (NCYW), free of charge.

While they study, young women benefit from newsletters and resources, vote in national surveys, and attend seminars and conferences. It's the perfect start to becoming the next generation of campaigners for gender equality and human rights.

18 – 30 membership

Network 18-30 offers a flexible, reduced-price membership, allowing young women to get involved with the full range of NCW activities.

Members can represent the NCW at the United Nations, inform our campaigns and resolutions, and work to engage the community to drive change for good. If you're passionate about creating a better world for women, join Network 18-30.

30+ membership

For just £35 per year, women over 30 can connect with other like-minded people committed to creating positive changes to create true global gender equality.

Members can participate in as much or as little as they like with our yearly resolutions. We read, research, write, debate, vote and organise events dedicated to improving the lives of women. Together, we challenge governments and policy makers to create a safer, fairer world for all.
